

## ECO Platings and Finishes

### Cyanide Free & Nickel Free

- \* Our pioneering process uses no hazardous materials, including nickel or potassium cyanide.
- \* Ensure the safety of employees who handle plating chemicals.
- \* Meets the human-ecological requirements of the STANDARD 100 by OEKO-TEX ®
- \* REACH/RoHS/CPSIA compliant
- \* Our Wastewater treatment management reduces environmental impact.
- \* Sludge generated during wastewater treatment is recycled as roadbed material.

- \* A durable combination of plating and lacquer is recommended for use in humid environment and leather applications.  
(-L is "lacquered", -ML is "matte lacquered")
